MAKE ACCENTURE MORE YOU

MEET MEET OUR FULLSTACK DEVELOPERS STEPHANIE AND MATHIAS

INTRODUCE YOURSELVES

STEPHANIE: Hi! My name is Stephanie and I'm a Fullstack Developer at Accenture.

MATHIAS: Hi! My name is Matthias, and I'm a Fullstack Developer in the Accenture office in Vienna.

FULLSTACK, FRONTEND OR BACKEND?

STEPHANIE: Fullstack. It comes very handy to have expertise in both Frontend and Backend.

MATHIAS: I'm a Fullstack developer but I'm not a good designer, so I'm mostly doing Backend work.

ANGULAR OR REACT?

STEPHANIE: You mean Google or Facebook...

MATHIAS: I've been doing React over a year now, so React all the way.

DEVELOPER OR ARCHITECT?

STEPHANIE: I'm for sure a developer by heart.

MATHIAS: Architect first, Developer second.

FUN OR SUCCESS?

STEPHANIE: Fun is important to me. That's why I love my job but it's also good for you to reap the fruits of your work.

MATHIAS: I can't have success without a little bit of fun so... Fun fun fun!

EXPERIENCE OR DISCOVERY?

STEPHANIE: Sometimes a change of scenery is good which comes with new challenges. It can be tough, but it's so worth it.

MATHIAS: I sure enjoy both, but discovery is more exciting.

DO YOU LIKE ACRONYMS?

STEPHANIE: OMG no! TBH I never get them right...

MATHIAS: WDYM? LOL, JK, sure.

WHY DID YOU JOIN ACCENTURE?

STEPHANIE: Because of our flexibility. It's like our work adapts for us. And no matter what drives you, there are always opportunities to develop them at Accenture.

MATHIAS: Working with the best people to make change happen and being on the frontline of innovation.
